

**PENNSYLVANIA INSURANCE DEPARTMENT
PRE-LICENSE AND CONTINUING EDUCATION PROGRAM**

Notice to PLE Providers

March 3, 2006

In an effort to reduce the lead time required to register and schedule appointments for Pennsylvania license exams, the procedure is being modified effective March 4 as follows:

- Candidates may register and schedule exams before completing their PLE courses.
- Candidates must bring their course completion certificate to the testing center when they test. Candidates who fail to do so will not be allowed to test.
- Providers must still submit PLE rosters with the proper fees. However, submission of a roster is not a pre-condition for an individual to register and schedule.
