Introduction

This handbook provides you with information about the process for becoming licensed as an insurance producer or consultant by the Nebraska Department of Insurance (referred to as “the Department” in this bulletin). It also contains information that is useful after you become licensed. We suggest you keep it for future reference.

Once the Department is satisfied that you have met all requirements for a license, the appropriate license will be issued. We remind you that by law you are required to continue your insurance education after becoming licensed. An insurance license can open up the world of insurance for you—a world filled with satisfying and rewarding opportunities. Remember, however, that a license is a privilege, not a right or a gift. You must commit yourself from the beginning to comply with the laws and regulations set forth to regulate the insurance industry.

Overview of Licensing Process

This handbook provides information about the examination and licensing process for obtaining a resident insurance license. You should read this Licensing Handbook including the examination content outlines prior to taking an exam. If interested in applying for a nonresident license, you can apply online via NIPR at www.nipr.com or an NIPR authorized business partner. Follow these main steps if you are interested in obtaining an insurance license.

Licensing Process

Follow these main steps if you are interested in obtaining an insurance license.

1. Review this bulletin thoroughly to determine exams needed, if any, and other license requirements.

2. Contact Prometric to register and pay for your exam and to schedule an appointment to take it. The easiest way to register is online at www.prometric.com/nebraska/insurance.

3. Prepare for your exam, using this bulletin and other materials. The content outlines in this guide are the basis for the exams.

4. Take the scheduled exam, bringing your required identification to the test center. You will receive your results immediately after the exam. If you pass, go on to step 5. If you do not pass, repeat steps 2 through 4.

5. Apply for the license via NIPR at www.nipr.com or send the license application form, any other required information, plus the correct fees to the Nebraska Department of Insurance at https://doi.nebraska.gov/producers/license.

Nebraska License Requirements

This section describes:

- The types of licenses offered and their requirements.
- Pre-licensing education requirements.
- Licensing requirements based on residence.

The State of Nebraska issues several types of insurance licenses in accordance with Nebraska statutes and regulations. Each license granted by the Department is valid only for the line of authority named on the license.

The Department grants the following types of licenses:

- A **producer** is an individual who is required to be licensed under the laws of this state to sell, solicit, or negotiate insurance.
- A **consultant** is any individual who, for a fee, engages in the business of offering to the public any advice, counsel, opinion or service with respect to insurable risks, or concerning the benefits, coverages or provisions under any policy of insurance that could be issued in this state; or involving the advantages or disadvantages of any such policy of insurance, or any formal plan of managing pure risk.
- An **agency** is a partnership, unincorporated association or corporation transacting or doing business with the public or insurance companies as an insurance producer.

Prior to obtaining an agent, broker or consultant license (except those applying for Limited Line Credit, Variable Contracts, Insurance or Surplus Lines), you must pass an examination by the Department. The following table lists licenses and the exam (if any) that must be passed for each license line.

Important Passing an exam does not guarantee that you will be issued a license. Issuance of a license depends on review and approval of all license application materials.

*No exam is required if the applicant has completed an authorized Motor Club Training Course.

**Variable Contract applicants must hold a Life Insurance and Annuities License, or apply concurrently for these licenses, and submit a copy of the NASD Series 6 and 63, or 7 and 66 passing examination scores.

***Surplus Lines Licensee applicants must hold a resident Producer License in Property and Casualty.

****8 hours of pre-licensing education is required to obtain a Funeral Insurance License and 6 hours of pre-licensing education to obtain a Funeral Insurance – Director License.

### Pre-licensing Education Requirements

Most individuals seeking a license must comply with the following pre-licensing education requirements prior to taking the qualifying exam.

A list of approved courses that comply with the pre-licensing education requirements is available from the Department upon request or may be obtained from the Department’s website at [www.doi.nebraska.gov](http://www.doi.nebraska.gov)

**Note** You have up to one year from the date you completed your pre-licensing education requirements to pass your examination(s) and apply for a license.

This section describes licensing requirements for applicants who currently live in Nebraska, for nonresidents, and for those who are moving to Nebraska.

Resident Licensing Requirements

Nebraska residents desiring any type of insurance license must:

- Be at least 18 years old;
- Be competent, trustworthy, financially responsible and have a good personal and business reputation;
- Maintain a principal place of residence in Nebraska;
- Comply with pre-licensing education requirements; and
- Successfully complete a written examination to determine competence to act as a licensed agent in those lines of insurance for which such applicant desires to become licensed.

Nonresident Licensing Requirements

If you are not a Nebraska resident and wish to apply for a Nebraska Nonresident License, you may apply as a nonresident online at www.nipr.com or download an NAIC Uniform Application from the Department’s website at www.doi.nebraska.gov. Otherwise, you may contact the Department to determine the appropriate procedures, fees and requirements.

New Resident Licensing Requirements

If you are a nonresident and wish to change your resident license to Nebraska, you must first change the status of your previous resident license. After you receive notification that the former state has changed your status, you must submit the Nebraska Resident Producer License application (found online at www.doi.nebraska.gov) and the appropriate application fee to the Department. Generally, a Letter of Clearance is not required. However, it may be a good idea to obtain the letter from your former resident state in case the Department requests additional identifying information or documentation. You have 90 days to apply for a resident Nebraska license without having to take the exam.

**Important** If you were previously licensed, but your license has been in an inactive status for more than 12 months, you must pass the appropriate exams to become actively licensed again. If reapplying for a resident license the pre-licensing must also be completed again.
Scheduling Your Exam

Registering and Scheduling Information

Prometric provides computerized testing through its multistate testing network. You may take the exam at any Prometric test center in the United States. Follow the instructions here to register and schedule an appointment.

Testing Accommodations. If you require an Americans with Disabilities Act (ADA) accommodation(s) or English as Second Language (ESL) additional time, see the “Testing Accommodations” section below.

Online

Register online—it saves time and it’s easy!

You can easily schedule your exam online at any time using our Internet Registration Service by going to:

2. Click on Create or Login to Your Account to register.

**Holidays**

Testing generally does not occur on federal holidays. Additional state holidays may be observed in the state where you schedule the exam appointment.

**Emergency Closings**

Severe weather or an emergency could require canceling scheduled exams. If this occurs, Prometric will attempt to contact you by phone; however, you may check for testing site closures by checking our website at https://www.prometric.com/en-us/pages/siteclosure.aspx or calling Prometric at (866) 370-3411. If the site is closed, the exam will be rescheduled without a rescheduling fee.

If a test center is open for testing and you choose not to appear for the appointment, you will forfeit the exam fees and must reschedule and pay another exam fee.
Testing Accommodations

**ADA Accommodation.** Reasonable testing accommodations are provided to allow candidates with documented disabilities recognized under the ADA an opportunity to demonstrate their skills and knowledge. Prometric makes every effort to provide reasonable testing accommodations that enable all test takers to take examinations.

If you require testing accommodations under the Americans with Disabilities Act (ADA), please complete and submit a Testing Accommodation Request Form online at [https://www.prometric.com/en-us/for-test-takers/prepare-for-test-day/pages/arrange-testing-accommodations.aspx](https://www.prometric.com/en-us/for-test-takers/prepare-for-test-day/pages/arrange-testing-accommodations.aspx), or contact Prometric at (888) 226-9406 to obtain an Accommodation Request Form.

Professional documentation of the disability must be submitted with the Accommodation Request Form to aid Prometric in determining the appropriate testing accommodations. Thirty days’ advance notice is required for all testing arrangements. There is no additional charge for these accommodations.

**ESL Accommodation.** All examinations are given in English. If English is not your primary language, you may qualify for additional time for the test by requesting an ESL Authorization from Prometric. To request an ESL authorization, please submit:

- A personal letter requesting the authorization; and
- A letter from the English instructor or sponsoring company (on company letterhead), certifying that English is not your primary language.

Please fax documents to **800.347.9242** and allow **three (3) days** for processing. If your request is approved, Prometric may extend the time limit on your examination to time-and-one-half or 150% of the normal time limit. Prometric will inform you by mail whether your request for accommodation is approved. You should not schedule your exam until you have received the confirmation email. Exams scheduled before the ESL request has been approved will not include extra time.
Preparing for Your Exam

- Being well prepared can help you pass the exam and save time and possibly money spent retaking it. This section offers:
  - Information about study materials.
  - An overview of the exam content outlines.
  - An explanation of how to take a practice exam.

Study Materials
Not all questions on the exams will necessarily be covered in your study materials. The content outlines are updated periodically, and outdated study materials may not be consistent with them. Where such discrepancies exist, the outlines take precedence. Make sure your study materials cover the topics in the outlines.

You are free to use materials of your own choosing to prepare for the license exam. Manuals have been prepared by different publishers to assist candidates specifically in preparing for license exams. Because of the number and the diversity of approach of these publications, neither the Department nor Prometric reviews or approves study materials. However, you may wish to contact the pre-licensing education providers listed on the Department’s website at www.doi.nebraska.gov to obtain the names of publishers and study materials.

Nebraska Statutes. The exams contain sections on Nebraska statutes. In addition to your study material, you may want to consult a standard statute reference, generally available at any public or law library.

Content Outlines Overview
The license examination for each type of license consists of questions that test knowledge of topical areas listed in the content outline for that exam. An overview of each examination content outline appears in this bulletin, beginning on page 18. You can view a complete outline specific to your examination online at https://www.prometric.com/en-us/clients/insurance/Pages/ne-content-outlines.aspx.

Note Do not sit for your exam until you are familiar with all subject areas in the applicable content outline.

Licenses for the major lines such as: Life Insurance and Annuities; Accident and Health or Sickness; or Property and Casualty are attained by passing a comprehensive exam.

Each exam will cover the Nebraska statutes and general principles sections, as well as the specific content for each line. Be sure to review the appropriate exam content outline to determine what topics are covered in the comprehensive exams.

Important The result of the combination Life and Annuities; Accident and Health or Sickness exam is reflected in one score. You must pass the complete exam to qualify for a license.
**Practice Exams**

To take a practice exam, select or copy link below to your browser:

While practice exams contain general, nonstate-specific insurance questions, they are created in the same format and use the same question types as the actual licensure exams. Practice exams will also help you become familiar with the computer-based testing process.

During the practice exam, you will get immediate feedback to correct and incorrect responses as well as overall feedback at the end of the session. If you like, you may print out the final practice exam results to help you with further test preparation.

Practice exams are available for Life, Health, and Property/Casualty lines. **Prometric practice exams are not approved to fulfill any pre-licensing education requirements.**

There is **no cost** to take Prometric Practice Exams!
Knowing what to expect when taking the exam may help you prepare for it. This section contains:

- An overview of the testing process.
- Regulations that will be enforced at the testing center.
- Information about the types of questions on the exam.
- A guide to understanding the exam results.
- Information about appeals.

Your exam will be administered by computer at a Prometric test center. You do not need any computer experience or typing skill to take your exam. Before you start the exam, you will receive a personalized introduction to the testing system. You can also take an introductory lesson on the computer.

**Arrival.** You should arrive at least **30 minutes before** your scheduled exam appointment. This allows time for you to sign in, have your photo taken, and for staff to verify your identification.

**Identification required.** You must present a valid form of identification before you can test. The identification document must:

- Be government-issued (e.g., driver’s license, state-issued identification card, passport or military identification card).
- Contain both a current photo and your signature (if not you must present two identification cards: one with your photo and one with your signature).
- Have a name that exactly matches the name used to register for the exam (including designations such as "Jr." and "III").

**Important** Failure to provide appropriate identification at the time of the exam is considered a missed appointment. As a result, you will be required to pay another **full examination fee** before making another appointment. If you cannot provide the identification listed above, contact Prometric **before** scheduling the appointment to arrange an alternative way to meet this requirement.

**Test Center Regulations**

**Copyrighted questions.** All test questions are the property of Prometric Inc. and are protected by copyright. Federal law provides severe civil and criminal penalties for the unauthorized reproduction, distribution, or exhibition of copyrighted materials.

To ensure that all candidates are tested under similar conditions, the following regulations and procedures will be enforced at each test center. Failure to follow any of these security procedures may result in your being disqualified from taking an examination.

1. While in the test center, you will be continuously monitored by video. During your examination, you will also be monitored by physical walk-throughs and through an observation window. All testing sessions are video and audio recorded.
2 You must present valid (unexpired) and acceptable ID(s) in order to take your test. (See “Identification required” in the previous section).

3 You will be scanned with a metal detector wand prior to every entry into the test room. If you refuse, you cannot test.

4 You will be required to raise your pants legs above your ankles, empty and turn all pockets inside-out and raise shirt sleeves above your wrists prior to every entry into the test room.

5 If you are wearing eyeglasses, you will be required to remove them for visual inspection to ensure they don’t contain a recording device. Large jewelry items must be stored in your locker due to concerns over concealed recording devices.

6 You must sign the test center roster each time you leave the test room. You must also sign back in and show your ID to the Test Center Administrator (TCA) in order to re-enter the test room.

7 You are prohibited from communicating, publishing, reproducing, or transmitting any part of your test, in any form or by any means, verbal or written, for any purpose.

8 You must not talk to other candidates or refer to their screens, testing materials, or written notes in the test room.

9 You must not use written notes, published materials, or other testing aids.

10 You are allowed to bring soft ear plugs or center-supplied tissues into the test room.

11 Any clothing or jewelry items allowed to be worn in the test room must remain on your person at all times. Removed clothing or jewelry items must be stored in your locker.

12 You must not bring any personal/unauthorized items into the testing room. Such items include but are not limited to outerwear, hats, food, drinks, purses, briefcases, notebooks, pagers, watches, cellular telephones, recording devices, and photographic equipment. Weapons are not allowed at any Prometric test center. You will be asked to empty and turn your pockets inside out prior to every entry into the test room to confirm that you have no prohibited items.

13 You must return all materials issued to you by the test center administrator (“TCA”) at the end of your test.

14 You are not allowed to use any electronic device or phone during breaks.

15 If you have a medical condition that may require you to access food or medicine during your exam session, you must store those items separately from other items you place in the test center locker. You must inform the TCA before you retrieve the food or medicine, and the TCA will observe you obtaining the item from the locker. You are not allowed to access any item other than food or medicine needed for a medical reason.

16 You must conduct yourself in a civil manner at all times when on the premises of the test center. Exhibiting abusive behavior towards the TCA or any other staff member of the test center may result in examination disqualification and criminal prosecution.

Failure to follow any of these security procedures may result in the disqualification of the examination. Prometric reserves the right to audio and videotape any examination session.
For more information on Prometric test center regulations, please visit: 

**Please note:** Test center administrators are not allowed to answer any questions pertaining to the exam content. If you do not understand a question on the examination, you should answer the question to the best of your ability.

### Question Types

The examination contains four-option multiple choice questions. These questions are designed to be as clear and concise as possible while testing knowledge and comprehension of insurance concepts as well as the application of the insurance concepts. The design of the exam ensures that those who possess the required knowledge of the specific insurance line of authority being tested should perform well on the examination for which they prepared.

### Question Formats.

Three different multiple-choice formats are used. Each format is shown in the following examples. An asterisk (*) indicates the correct answer in each sample question.

#### Format 1—Direct question

Which one of the following is a type of health insurance policy designed to replace the wages of an insured that is unable to work due to an accident or sickness?

* 1. Disability Income Insurance Policy  
   2. Employer-Sponsored Group Major Medical Policy  
   3. Hospital Expense Insurance Policy  
   4. Special Risk Policy

#### Format 2—Incomplete sentence

Benefits under workers’ compensation insurance are payable:

* 1. For bodily injury that is accidental or intentional  
   2. Regardless of the liability of the employer  
   3. Unless safety rules are violated  
   4. Up to a maximum of 30 percent of weekly wages

#### Format 3—All of the following except

A life insurance policy may include provisions that do all of the following EXCEPT:

* 1. Restrict coverage if death is caused by suicide  
   2. Require evidence of insurability to reinstate coverage  
   3. Extend the contestable period beyond two years  
   4. Adjust proceeds if the insured’s age is misstated on the application

### Experimental Questions

The examination may include some experimental questions that will not be scored. If present, they are distributed throughout the examination and will not be identified as such. These are used to gather statistical information on the questions before they are added to the examination as scored items. These experimental questions will not be counted for or against you in the final examination score.

You will be helping us help future test takers by completing 5 experimental test questions in your exam. We plan to use the experimental questions on future exams based on your performance.

The questions will:

- be randomly distributed within your test  
- will not be counted in your final score  
- time spent on the question will not be deducted from your test time
Exam Results

At the end of the exam, the score will be shown on the screen and you will receive a printed score report. The report indicates the overall score and grade, including the numerical percentage of questions answered correctly and whether you passed or failed.

The report also displays the correct percentage in each major section of the exam, as defined by the exam content outline. These section scores are shown to guide you, or your employer and/or trainer, about areas requiring additional preparation for retesting if you do not pass the exam. Even after you pass, you may want to focus on these areas as you begin to provide insurance products and services to the public.

Score: 80%
Grade: Pass

(A total score of 70 percent is required to pass)

Note that the section percentages will not average out to the total percentage score. That is because individual exam outline sections are allocated different numbers of questions on the exam. The total percentage score is computed by dividing the number of questions you answered correctly by the total number of questions in the exam. Adding the section percentages and dividing by the total number of sections do not compute the total score.

Prometric electronically notifies DOI of exam results within 48 hours of passing the exam. Note that exam scores are confidential and will be revealed only to you and DOI.

Appeals Process

Prometric’s goal is to provide a quality examination and a pleasant testing experience for every candidate. If you would like to submit an appeal concerning examination content, registration, scheduling or test administration (testing site procedures, equipment, personnel, etc.), please submit an appeal by visiting www.prometric.com/contactus and clicking on ”Request an Appeal”.

Once submitted you will receive an email response within 20 days indicating whether your appeal has been approved.
Applying for Your License

This section offers information about:
• Applying for your license.
• Obtaining an appointment.
• Continuing education requirements.
• Request for information changes.

After successfully completing the appropriate qualifying exam, you must apply for your license. You must apply and be issued a Nebraska insurance license in order to sell, solicit, or negotiate insurance in the state of Nebraska.

Please allow 2-3 days for the exam results to be transmitted to the Nebraska Department of Insurance before applying on-line at www.nipr.com or you can download the application at www.doi.nebraska.gov/producers/license.

If you have any questions regarding the license application process, please contact the Nebraska Department of Insurance Licensing Division at (402) 471-4913 or at doi.licening@nebraska.gov

Important Passing an exam does not guarantee that you will be issued a license. You must submit all application materials and fees to the Department within one year of completing your pre-licensure course and passing your exam. Issuance of a license depends on review and approval of all license application materials.

Duration of License
Initial individual licenses are issued to expire the last day of the month in the licensee’s birth month in the first year after issuance in which the licensee’s age is divisible by two. Therefore, individuals born in even-numbered years renew their license in their birth month in the even-numbered years, and individuals born in odd-numbered years renew their license in their birth month in the odd-numbered years. The first renewal of any license will be based on the above information and is not pro-rated based on the issue date of the license.

Agency Licensing
Any partnership, unincorporated association, or corporation transacting or doing business with the public or insurance companies as an insurance producer is required to obtain an insurance agency license. The business entity must designate a licensed producer who will be responsible for the business entity’s compliance with the insurance laws, rules and regulations of the state. No agency shall pay any commission to anyone other than a licensed producer and no licensed producer shall assign any commissions to any unlicensed agency.

A sole proprietorship is not required to obtain an insurance agency license unless it falls within the agency definition or holds itself, herself or himself out to be an insurance agency.

To obtain an insurance agency license, complete and submit the NAIC Uniform Application for Business Entity Insurance License/Registration, together with the appropriate license fee, to the Department.
**Obtaining an Appointment**

An individual shall not act as an agent unless that person is duly licensed in Nebraska. An agent must not make application for, solicit applications for or procure any policies for any kind of insurance for which that agent is not licensed and appointed by an insurance company.

Only licensed producers may be appointed; insurance agencies may not be appointed. To appoint a producer, the appointing company must process online at [www.nipr.com](http://www.nipr.com) The company will be billed for the fees.

The insurer shall file the appointment within 15 days from the date the agency contract is executed or the first insurance application is submitted. The individual must already hold a valid agent’s license in the line or lines for which the insurer is requesting an appointment.

**Continuing Education**

All Nebraska resident producers and consultants must meet continuing education requirements. Courses must relate to the kinds of insurance that the producer/consultant is licensed to solicit and be completed every two years, beginning from the birthday when your age is divisible by two and due two years from that date.

New licensees may begin earning credit hours upon issuance of the license. Failing to comply with two-year continuing education criteria will result in license nonrenewal or non-issuance. Licensees are exempt from continuing education for the first renewal.

Continuing education hours are needed for the following license lines:

**Ethics Course Requirements.** In each two-year period, licensees are required to complete three hours of approved continuing education activities on the topic of insurance-industry ethics. No licensee will be required to complete more than 24 cumulative hours in any two-year period.

**Previously Licensed Applicants.** If the license has been in an inactive status for fewer than 12 months, the applicant must satisfy the education requirements outstanding and may not take the insurance exam in lieu of the education requirements.
Every person licensed under the Insurance Producers Licensing Act must notify the Department within 30 days of any change in that person’s residential or business address. Any person failing to provide such notification is subject to a fine or suspension.

Business and home addresses may be changed 1) online at www.nipr.com; or 2) by submitting Form #DOI-9110 (Request Form for Producers and Consultants found at www.doi.nebraska.gov), to the Department.

Form DOI-9110 must also be completed and submitted in order to change a name; correct a Social Security number; add or delete lines of license authority; or obtain a Letter of Clearance, a duplicate license or certification.
The following outlines give an overview of the content of each of the Nebraska insurance examinations. Each examination will include questions on the subjects contained in the outline. The percentages indicate the relative weight assigned to each section of the examination. For example, 10 percent means that 10 questions will be drawn on a 100-question exam and 15 will be drawn on a 150-question exam.

An outline that includes more descriptive subsections for your exam is available online at [https://www.prometric.com/en-usclients/insurance/Pages/ne-content-outlines.aspx](https://www.prometric.com/en-usclients/insurance/Pages/ne-content-outlines.aspx).
