Introduction

A Message from the Bureau

Through Prometric, the Bureau of Insurance (The Bureau) will gather certain demographic and other information from candidates for agent licensing examinations.

The applicant's disclosure of any demographic information is voluntary and refusal to disclose such information will not affect the results of the applicant's examination. **The applicant's demographic information will be used only for statistical reporting purposes and such information shall be maintained separately from the applicant's personally identifiable information.**

Prometric will obtain from each licensing examination registrant: (i) the candidate's age, race or ethnicity, gender, native language, and highest level of education completed, and (ii) whether the candidate completed a licensing examination preparatory course, or the course provider.

You cannot sell, solicit or negotiate insurance contracts until the Bureau issues your license. You may not receive or accept any commission or other valuable consideration unless you are properly licensed at the time of transaction. You must be an appointed agent at the time of sale in order for an insurer to pay a commission or other valuable consideration.

Issuance of a license depends on review and approval of all license application material. Passing an exam does not guarantee that you will be issued a license. You take exams and submit license applications at your own risk. **If you take an exam unnecessarily or are found unqualified, neither the exam fee nor the application processing fee will be refunded.**

We wish you well in preparing for your examination and remind you that by law you are required to continue your insurance education after becoming licensed.

A license is a privilege, not a right. You must commit yourself from the beginning to comply with the laws and regulations set forth to regulate the insurance industry.

Important Notice:

Beginning January 1, 2021, your license(s) will have an expiration date based on your birth month and odd/even year of birth. For example, if you were born in an odd-numbered year, your license will expire at the end of your birth month in odd-numbered years. If you were born in an even-numbered year, your license will expire at the end of your birth month in even-numbered years. In addition, completion of any continuing education requirements will be due at time of license renewal. For more information email BOILicenseRenewal@scc.virginia.gov.

Beginning January 1, 2021, the Bureau requires all individuals applying for a resident insurance license to be fingerprinted. Fingerprinting **must** be done at a Fieldprint site, using "live scan" technology, which digitally captures and transmits the fingerprints to the Virginia State Police, and the Federal Bureau of Investigation (FBI).

The Bureau encourages you to email Agent Licensing at AgentLicensing@scc.virginia.gov to provide your comments and suggestions.

- The GI Bill education benefits are available through the U.S. Department of Veterans Affairs (VA).
- Dependents of totally disabled veterans or veterans who died in service may also use this service under certain conditions.

Virginia Licensing Requirements

Licenses that Require Exams

LICENSES THAT REQUIRE EXAMS

The Bureau issues seven (7) different license types that require examinations across three categories:

- (1) Agents
- (2) Consultants
- (3) Public Adjusters

Visit the Bureau's website for complete **licensing procedures**. Apply online through **Sircon** or **NIPR**. Candidates seeking licenses within these categories are required to pass an exam as described below.

AGENT LICENSE

Virginia resident applicants are required to pass an exam for the following five license types before applying:

- Life and Annuities
- Health
- Property and Casualty
- Personal Lines
- Title

If the license terminates for any reason, a resident must pass the examination again prior to applying for the license.

Holding one of these five agent license types would enable you to sell several classes of insurance. Property & Casualty includes Personal Lines; therefore, do not apply for both.

CONSULTANT LICENSES

The Bureau issues two insurance Consultant licenses that require Virginia resident applicants to pass an exam before licensing:

- Life and Health Consultant - Life and Health exam*
- Property and Casualty Consultant - Property and Casualty exam*

* If you are already a licensed Life & Annuities and Health / Property & Casualty agent, you are not required to pass the exam if applying for the corresponding consultant license.

Anyone who charges a fee to advise or purports to advise in area of Life & Annuities Insurance, Accident and Sickness Insurance, Property and Casualty Insurance, or Health Care Services as defined in the Code of Virginia is required to be licensed as an insurance consultant. Following are the only exceptions:

- A licensed attorney acting in a professional capacity.
- A trust officer of a bank acting in the normal course of his or her employment.
- An actuary or certified public accountant who consults during the normal course of business.
- Any person employed as a risk manager who consults for his or her employer only.

PUBLIC ADJUSTERS

Virginia resident applicants must pass the Public Adjusters exam before applying.

Licenses that Do Not Require Exams

LICENSES WITH NO EXAM REQUIRED

The Bureau also issues Limited Lines, temporary or otherwise restricted licenses, and several miscellaneous licenses that do not require applicants to pass a required exam, such as:

- Limited Lines Life and Health
- Limited Lines Property and Casualty
- Limited Lines Credit
- Motor Vehicle Rental Contract
- Temporary Life and Health*
- Temporary Life and Health (Debit Only) *
- Temporary Property and Casualty*
- Managing General Agent***
- Reinsurance Intermediary Broker***
- Reinsurance Intermediary Manager***
- Viatical Settlement Broker
- Viatical Settlement Provider***
- Surplus Lines Broker**

** Temporary Licenses are available to resident individual applicants meeting specific statutory requirements.*

Temporary licenses are issued in the following circumstances:

Upon the death of an agent, to his personal representative, surviving spouse, employee, child or next of kin;

Upon the inability of an agent to act because of sickness, injury or mental incapacity, to his spouse, child, next of kin, employee or legal representative;

Upon the sale of the agent's business, to any person employed in the business. In the event no person is available and suitable for licensing and appointment, the Commission may license and appoint any other suitable person; or

To an applicant who is to be an appointed agent of a home service insurer, and who will be assigned a debit and will actually collect the premiums on insurance contracts during the period of such temporary license.

*** Residents must hold a Property and Casualty License.*

Exams scheduled before the ESL request has been approved will not include extra time.

Preparing for Your Exam

Being well prepared will help you pass your examination. This section offers:

- Information about study materials.
- Information about practice exams.

Study Materials

Not all questions on the examinations will necessarily be covered in your study materials. The content outlines are updated periodically, and outdated study materials may not be consistent with them. Where such discrepancies exist, the outlines take precedence. **Make sure your study materials cover the topics in the outlines.**

You are free to use materials of your own choosing to prepare for the license examination. **Neither the Bureau nor Prometric reviews or approves study materials or pre-licensing schools.** You may wish to contact insurance companies, the company or agency you plan to work for, or local or state agents' associations for courses and study materials in your location.

Virginia laws and regulations. All examinations cover Virginia laws and regulations. You may wish to consult a standard statute reference, which is generally available at any public or law library, or go to the Bureau's website for links to **Insurance Laws and Regulations**.

Content Outlines Overview

The license examination for each type of license consists of questions that test knowledge of topical areas listed in the content outline for that examination. You can view a complete outline specific to your examination online at our **website**.

Note Do not schedule the exam until you are familiar with all subject areas in the applicable content outline.

Practice Exams To take a practice exam, click [here](#).

While practice exams contain general, non-state specific insurance questions, they are created in the same format and use the same question types as the actual licensure exams. Practice exams are designed to help you become familiar with the computer-based testing process.

During the practice exam, you will get immediate feedback to correct and incorrect responses as well as overall feedback at the end of the session just as you would during the actual exam. Practice exams are available for:

- (LIPA) Life Insurance Producer/Agent Practice Exam in English and Spanish
- (HIPA) Health Insurance Producer/Agent Practice Exam in English and Spanish
- (PIPA) Property & Casualty Insurance Producer Practice Exam in English only

There is **no cost** to take Prometric Practice Exams!

Question Types The examination contains four-option multiple-choice questions. These questions are designed to be as clear and concise as possible while testing knowledge and comprehension of insurance concepts as well as the application of the insurance concepts. The design of the exam ensures that those who possess the required knowledge of the specific insurance line of authority being tested should perform well on the examination for which they prepared.

Question Formats. Three different multiple-choice formats are used. Each format is shown in the following examples. An asterisk (*) indicates the correct answer in each sample question.

Format 1—Direct question

- 2. Employer-Sponsored Group Major Medical Policy
- 3. Hospital Expense Insurance Policy
- 4. Special Risk Policy

Format 2—Incomplete sentence

- 4. Up to a maximum of 30 percent of weekly wages

Format 3—All of the following except

A life insurance policy may include provisions that do all of the following EXCEPT:

- 1. Restrict coverage if death is caused by suicide
- 2. Require evidence of insurability to reinstate coverage
- * 3. Extend the contestable period beyond two years
- 4. Adjust proceeds if the insured's age is misstated on the application

Experimental Questions

The examination may include some experimental questions that will not be scored. If present, they are distributed throughout the examination and will not be identified as such. These are used to gather statistical information on the questions before they are added to the examination as scored items. These experimental questions **will not** be counted for or against you in the final examination score.

You will be helping us help future test takers by completing experimental test questions in your exam. We plan to use the experimental questions on future exams based on your performance.

The questions will:

- be randomly distributed within your test
- not be counted in your final score
- time spent on the question not be deducted from your test time

Exam Results

At the end of the exam, the score will be shown on the screen and you will receive an emailed score report. The report indicates the overall score and grade, including the numerical percentage of questions answered correctly and whether you passed or failed.

The report also displays the correct percentage in each major section of the exam, as defined by the exam content outline. These section scores are shown to guide you, or your employer and/or trainer, about areas requiring additional preparation for retesting if you do not pass the exam. Even after you pass, you may want to focus on these areas as you begin to provide insurance products and services to the public.

Score Report

Note that the section percentages will not average out to your total percentage score. That is because individual examination outline sections are allocated different numbers of questions on the examination. Your total percentage score is computed by dividing the number of questions you answered correctly by the total number of questions in the examination. The total score is **not** computed by adding the section percentages and dividing by the total number of sections.

Duplicate score report. You may go to the **Score Report Portal** to view and print your report.

An agent with an active nonresident Virginia license will be granted 90 calendar days from the date the previous home state licenses were cancelled to submit their resident license application. During the 90-calendar day period, an agent may continue to operate under their nonresident Virginia license while applying for a resident Virginia license. Appointments made under the nonresident license will remain in effect during the 90-calendar day period, unless terminated for other reasons.

Agents that obtains a Virginia resident license within the 90-calendar day period, transfer any active appointments automatically when the license is issued. If, at the end of the 90-calendar day period, the agent has not obtained a resident license, the equivalent nonresident license(s) and associated appointment(s) will be canceled.
