Introduction

A Message from the Utah Insurance Department

This Bulletin provides you with information about the examination and application process for becoming licensed to sell insurance or provide certain insurance services in Utah. Please read and study it carefully.

Once the Utah Insurance Department (referred to in this Bulletin as “the Department”) is satisfied that you have met all requirements for a license, the appropriate license will be issued. Remember, however, after you have your license you cannot sell, solicit or negotiate insurance until you have been appointed to represent at least one company or designated to represent an organization.

The Department has contracted with Prometric to conduct its examination program. All questions and requests for information about examinations should be directed to Prometric. Questions regarding your license, after successfully completing an exam, should be directed to the Department.

The Department wishes you well in preparing for your examination and encourages you to continue your insurance education after becoming licensed. An insurance license can open up the world of insurance for you—a world filled with satisfying and rewarding opportunities. Remember, however, that a license is a privilege, not a right. You should commit yourself from the beginning to comply with the laws and rules set forth to regulate the insurance industry.

Sincerely,

Todd Kiser
Insurance Commissioner

Utah License Requirements

The Utah Insurance Department issues several types of insurance licenses. Each license granted by the Department is valid only for the line of authority named on the license.

This section describes:

- The licensing process.
- The types of licenses offered.
- Licensing requirements based on residence.
- Fingerprinting requirements.

Overview of the Licensing Process

Chapters 23a and 26 of Title 31A, of the Utah Insurance Code empowers the Department to qualify individuals who wish to operate as insurance producers, consultants or adjusters in the state of Utah. The legislature may change these laws annually and administrative procedures may be changed at any time. **Licensees are expected to be aware of changes in the law that affect their occupational practice.**

For some licenses, you must pass an exam to confirm that you have attained a minimum level of knowledge regarding the statutes and regulations affecting the insurance profession and the products and services you will sell or represent to the public. After you have passed your exam, you must apply to the Department and pay the appropriate licensing fee in order to receive your license.

Note Passing an exam does **not** guarantee that you will be issued a license. Issuance of a license depends on review and approval of all license application materials, including application questions regarding any prior civil or criminal proceedings. See Page 24 for more information on obtaining your license.

Types of Licenses

The Department licenses the following professionals:

- **Producer.** A person appointed by an insurer to solicit applications for insurance or negotiate insurance on its behalf.
- **Consultant.** A person who receives compensation (other than sales commissions) for giving advice, rendering an opinion or providing information about insurance.
- **Adjuster.** A person licensed to adjust losses for or against authorized insurers. Utah law states that a “regular salaried employee of an insurer” does not require a license to adjust losses for that insurer.

The Department grants the types of licenses listed in the table below. The table also identifies which exam needs to be passed for each license type.

You may qualify for combination licenses (such as Life and Accident/Health or Property and Casualty) by taking a combined exam. The combined exam results in one final score. You must pass the complete exam to qualify for a license.

License types that require no exam

There are some license candidates who the state requires to be fingerprinted but who are not required to sit for an exam first. Some candidates must show proof of payment for the background check only. The exam requirement is waived for these candidates:

- Limited Line Credit Insurance
- Travel Insurance
- Motor Club Insurance
- Car Rental Related Insurance
- Legal Expense Insurance
- Bail Bond Producer
- Reinsurance Intermediary
- Managing General Agent
- Third-Party Administrator
- Producer License/Variable Contracts
- Navigator License
- Limited Line Producer Crop
- Self-Service Storage
- Portable Electronics
- GAP (guaranteed asset protection) Waiver

Application can be made online from your home or office at www.sircon.com/utah or at www.nipr.com. For more information about these license types, visit the Department’s Web site at www.insurance.utah.gov. The Navigator license has no specific Utah exam, but there is HHS training, exam, and certification requirement prior to applying for the Navigator license in Utah. There is a fingerprinting requirement for all Navigator license.

Requirements Based on Residence

This section describes licensing requirements for applicants who currently live in Utah, for those who are moving to Utah and for nonresidents.

Resident licensing requirements

Producer License. To qualify for a Utah Resident Producer license, you must:

- Be at least 18 years old;
- Be a resident of Utah;
- Be of good character and competency; and
- Pass the license examination(s) required by statute.

To conduct insurance transactions as a producer, you must:

- Hold a current license for the line of insurance being transacted;
- Be appointed and/or designated by an authorized insurer or licensed insurance agency; and
- Be under contract with that insurer or insurance agency.

Note If you are not contracted or affiliated with any insurer or insurance agency, your license remains active, but you cannot conduct insurance transactions.

Adjuster License. To qualify for an adjuster license, you must meet the basic requirements for a license given above.

Surplus Lines License. To qualify for surplus lines, you must have been a property/casualty insurance producer for at least three of the past four years. The “comparable preparation” provision does not apply to surplus lines.

It is your responsibility to make sure you meet the minimum experience requirements prior to taking the exam.

Consultant License. To qualify for a consultant license, you must have been acting in a capacity that would provide you with the preparation to act as an insurance consultant for an aggregate period of not less than three years during the four years immediately preceding the date of the application. Your qualifications must relate to the line of insurance for which you plan to consult. **It is your responsibility to make sure you meet the minimum experience requirements prior to taking the exam.**

Variable Contracts License. To qualify for a variable contracts license, you must meet the following requirements: 1) either apply for a life license at the same time or already hold a life license; and 2) have evidence of a current FINRA qualification and registration with the Utah Securities Division (a current CRD showing Utah approval may be used as evidence).

New resident licensing requirements

Utah is reciprocal in its licensing of new Utah residents who were previously licensed in another state. To become a resident licensee without a requirement to pass an examination, a person moving to Utah who was licensed as an insurance producer in another state must meet the following requirements:

- Submit a completed application and appropriate fees to the Department within 90 days of canceling the other state's license that was in good standing at the time of cancellation, and within 90 days of becoming a legal resident of Utah (after 90 days a Laws and Regulations test will be required);
- Submit proof of residency to the Department within the last 90 days (for example, a Utah driver's license with an issue date, mortgage agreement or lease agreement); and
- Have evidence of good standing of the other state's license at the time it was cancelled, such as a Letter of Clearance dated within the previous 90 days or electronic verification through the Producer Database (PDB).

You may contact the Department for more information on new resident licensing requirements or visit the Department's Web site at www.insurance.utah.gov.

Fingerprinting Process

The Department requires all individuals applying for a resident insurance license to be fingerprinted. Fingerprinting **must** be done at a Prometric test center, using “live scan” technology, which digitally captures and transmits the fingerprints to the Utah Department of Public Safety, Bureau of Criminal Identification (BCI), and the Federal Bureau of Investigation (FBI). Fingerprinting is not required for resident licensees adding a line of authority to an existing license; only for initial licensees.

If the license type you are applying for **requires** an examination (Resident Consultant, Resident Producer, Resident Surplus Lines Producer, Resident Independent Adjuster, Resident Public Adjuster), the process is as follows:

- 1** Immediately after passing the exam, use the kiosk at the test center to complete your license application online via Sircon or NIPR. The license application will include an FBI/BCI fingerprint fee (\$13.25 FBI/\$15.00 BCI) that must be paid by credit card during the online license application process. Print out your Sircon or NIPR confirmation page that you will need for showing to the test center supervisor as proof you have paid the FBI/BCI fees in order to be fingerprinted.
- 2** Pay the separate Prometric fingerprint processing fee (\$6.00) by going online at **www.prometric.com/utah/insurance** or by calling 888.226.8740. **(We recommend you do not pay Prometric's \$6.00 fingerprint processing fee until after you have passed your licensing exam, as you will not be fingerprinted if you do not pass your exam, and all fees are non-refundable.)**
- 3** Show the test center supervisor your passing score report and your payment confirmation and your fingerprints will then be scanned.
- 4** Fingerprint results will be returned to the Department. The Department will evaluate the results and the license application prior to issuing any license.

Note If you pass the examination and leave the test center without having your fingerprints scanned, you must schedule an appointment to return to the test center to have your fingerprints taken. When you return, you must present the Sircon or NIPR application confirmation page to have your fingerprints taken. As well as your passing score report.

If the license type you are applying for **does not require** an Utah examination (Resident Limited Lines Producer, Bail Bond, Managing General Agent, Reinsurance Intermediary, Third Party Administrator, Navigator), the process is as follows:

- 1** Schedule a fingerprint appointment and pay Prometric's \$6 fingerprint processing fee online at **www.prometric.com/utah/insurance** or by calling 888.226.8740 **before arriving** at the test center for fingerprinting. Test centers are not able to accept this processing fee at the test site.
- 2** Apply for the license online from your home or office at **www.sircon.com/utah** or **www.nipr.com** before arriving at the test center for fingerprinting. You can also apply online using a kiosk at the test center if you arrive a few minutes before your fingerprinting appointment. Payment for both the license application fee and the FBI/BCI fingerprint fee (\$13.25 FBI/\$15.00 BCI) must be made by credit card during the online license application process.
- 3** Upon completing the online application, print out the Sircon confirmation page as proof you have paid the FBI/BCI fees. Show the test center supervisor your payment confirmation to have your fingerprints scanned.

- 4** Fingerprint results will be returned to the Department. The Department will evaluate the results and the license application prior to issuing any license.

Testing Accommodations

ADA Accommodation. Reasonable testing accommodations are provided to allow candidates with documented disabilities recognized under the ADA an opportunity to demonstrate their skills and knowledge. Prometric makes every effort to provide reasonable testing accommodations that enable all test takers to take examinations.

If you require testing accommodations under the Americans with Disabilities Act (ADA), please complete and submit a Testing Accommodation Request Form online at <https://www.prometric.com/en-us/for-test-takers/prepare-for-test-day/pages/arrange-testing-accommodations.aspx>, or contact Prometric at (888) 226-9406 to obtain an Accommodation Request Form.

Producer documentation of the disability must be submitted with the Accommodation Request Form to aid Prometric in determining the appropriate testing accommodations. Thirty days' advance notice is required for all testing arrangements. There is no additional charge for these accommodations.

ESL Accommodation. All examinations are given in English. If English is not your primary language, you may qualify for additional time for the test by requesting an ESL Authorization from Prometric. To request an ESL authorization, please submit:

A personal letter requesting the authorization; and a letter from the English instructor or sponsoring company (on company letterhead), certifying that English is not your primary language.

Please fax documents to **800.347.9242** and allow **three (3) days** for processing. If your request is approved, Prometric may extend the time limit on your examination to time-and-one-half or 150% of the normal time limit. Prometric will inform you by mail whether your request for accommodation is approved. You should not schedule your exam until you have received the confirmation email. Exams scheduled before the ESL request has been approved will not include extra time.

Preparing for Your Exam

Being well prepared can help you pass the exam and save time and possibly money spent retaking it. This section offers:

- An overview of the exam content outlines.
- Information about study materials.
- An explanation of how to take a practice exam.

Content Outlines Overview

The license exam for each type of license consists of questions that test knowledge of topical areas listed in the content outline for that exam. An overview of each exam content outline appears at the end of this handbook.

Note: Do not schedule the exam until you are familiar with all subject areas in the applicable content outline.

Study Materials

The Department of Insurance does not provide study materials, cannot recommend any supplier for study materials and does not evaluate the quality of any training course or study material. You are free to use the materials of your choice to prepare for the exam. Different publishers provide materials to assist you in preparing for insurance licensing exams. These materials take different approaches and you should choose one that meets your needs.

General recommendations. You may obtain recommendations for study materials and pre-licensing study courses from insurance companies, the company or agency you plan to work for, or local insurance and agents' associations. Information is also available at the following link: <http://www.prometric.com/utah/insurance>

The Utah Insurance Department does not require you to complete a training course before you take a Utah insurance examination. Use materials or complete education of your own choosing that you believe will best prepare you for the examination. Various publishers have prepared a variety of study guides and manuals to help candidates prepare for license examinations. Neither the Department nor Prometric publishes, reviews, or approves study materials. However, a list of sources that you may choose to use as a starting point in your search for study materials can be found on the Department's website at <https://insurance.utah.gov/agent/producers/exam/materials.php>.

Utah statutes The exams contain sections on Utah statutes. In addition to other study materials, you may wish to consult a standard statute reference, such as those available at most public or law libraries in Utah. The Utah Insurance Code is available on the Department's Web site at www.insurance.utah.gov.

Practice Exams

Practice exams are available at www.prometric.com/utah/insurance. While practice exams contain general, nonstate-specific insurance questions, they are created in the same format and use the same question types as the actual licensure exams. Practice exams will also help you become familiar with the computer-based testing process.

During the practice exam, you will get immediate feedback to correct and incorrect responses as well as overall feedback at the end of the session just as you would during the actual exam. Practice exams are available for:

- (LIPA) Life Insurance Producer/Agent Practice Exam in English only

UTAH INSURANCE DEPARTMENT

- (HIPA) Health Insurance Producer/Agent Practice Exam in English only
- (PIPA) Property & Casualty Insurance Producer Practice Exam in English only

There is **no cost** to take Prometric Practice Exams!

Taking Your Exam

Knowing what to expect when taking the exam may help you prepare for it. This section contains:

- An overview of the testing process.
- Regulations that will be enforced at the testing center.
- Information about the types of questions on the exam.
- A guide to understanding the exam results.
- Information about appeals.

The Testing Process

The exam will be administered by computer; you are not required to have any computer experience or typing skills to take the exam.

Arrival. You should arrive at least **30 minutes before** the scheduled exam appointment. This allows time for you to sign in and for staff to verify your identification and complete all security checks.

- Be government-issued (e.g., driver's license, state-issued identification card, passport, or military identification card).

Important Failure to provide appropriate identification at the time of the exam is considered a missed appointment. As a result, you will be required to pay another **full examination fee** before making another appointment. If you cannot provide the identification listed above, contact Prometric **before** scheduling the appointment to arrange an alternative way to meet this requirement.

Calculators. No calculators are allowed on these exams.

Test Center Regulations

Copyrighted Questions. All test questions are the property of Prometric LLC and are protected by copyright. Federal law provides severe civil and criminal penalties for the unauthorized reproduction, distribution, or exhibition of copyrighted materials.

- 2 You must present valid (unexpired) and acceptable ID(s) in order to take your test. (See "Identification required" in the previous section).

- 12 You **must not** bring any personal/unauthorized items into the testing room. Such items include but are not limited to outerwear, hats, food, drinks, purses, briefcases, notebooks, pagers, watches, cellular telephones, recording devices, and photographic equipment. Please note: Test center administrators are not allowed to answer any questions pertaining to the exam content. If you do not understand a question on the examination, you should answer the question to the best of your ability.

Question Types

The examination contains four-option multiple-choice questions. These questions are designed to be as clear and concise as possible while testing knowledge and comprehension of insurance concepts as well as the application of the insurance concepts. The design of the exam ensures that those who possess the required knowledge of the specific insurance line of authority being tested should perform well on the examination for which they prepared.

Question Formats.

Three different multiple-choice formats are used. Each format is shown in the following examples. An asterisk (*) indicates the correct answer in each sample question.

Format 1— Direct Question

Which one of the following is a type of health insurance policy designed to replace the wages of an insured that is unable to work due to an accident or sickness?

- * 1. Disability Income Insurance Policy
- 2. Employer-Sponsored Group Major Medical Policy
- 3. Hospital Expense Insurance Policy
- 4. Special Risk Policy

Format 2— Incomplete Sentence

Benefits under workers' compensation insurance are payable:

- 1. For bodily injury that is accidental or intentional
- * 2. Regardless of the liability of the employer
- 3. Unless safety rules are violated
- 4. Up to a maximum of 30 percent of weekly wages

Format 3—All of the following except

A life insurance policy may include provisions that do all of the following EXCEPT:

- 1. Restrict coverage if death is caused by suicide
- 2. Require evidence of insurability to reinstate coverage
- * 3. Extend the contestable period beyond two years
- 4. Adjust proceeds if the insured's age is misstated on the application

Experimental Questions

The examination may include some experimental questions that will not be scored. If present, they are distributed throughout the examination and will not be identified as such. These are used to gather statistical information on the questions before they are added to the examination as scored items. These experimental questions **will not** be counted for or against you in the final examination score.

You will be helping us help future test takers by completing 5 experimental test questions in your exam. We plan to use the experimental questions on future exams based on your performance.

The questions will:

- be randomly distributed within your test
- will not be counted in your final score
- time spent on the question will not be deducted from your test time

Your Exam Results

At the end of your exam, your score will be shown on the screen and you will receive a printed score report. The report shows your overall score and grade, including the numerical percentage of questions answered correctly and whether you passed or failed.

The report also displays the correct percentage in each major section of the exam, as defined by the exam content outline. These section scores are shown to guide you, or your employer and/or trainer, about areas requiring additional preparation for retesting if you do not pass the exam. Even after you pass, you may want to focus on these areas as you begin to provide insurance products and services to the public.

Prometric electronically notifies the Department of Insurance of exam results within 48 hours of passing the exam. Note that exam scores are confidential and will be revealed only to you and the Department.

Duplicate score report. You may call or write to Prometric to request a duplicate of your score report for a period of one year after an exam with no fee. Direct any questions or comments about your exam to Prometric.

To see if a new or renewal license has been approved and issued, go to:

- www.sircon.com/utah and click on "Check license application status" or "Check license renewal status;" or
- the Department's Web site at www.insurance.utah.gov and click on the "Search for Company & Agent" link.

You may print as many copies of a new or renewal license as you would like at no cost if your license application is processed through Sircon. If you apply for your license through NIPR, then Sircon will charge a small fee to print your license.

Obtaining an appointment

After obtaining your license, you need an appointment with an insurer or a designation with an agency to conduct insurance transactions for an insurer. Contact your employing insurance company or agency organization in order to be properly appointed as its producer or designee.

Address, phone, or email changes

Section 31A-23a-412 of the Utah Insurance Code requires all licensees to notify the Commissioner in writing of any change of address, phone number, or business email address within 30 days. You **must** process your own changes electronically online at www.sircon.com/utah or at www.nipr.com.

License renewals

A renewal reminder letter is sent to every licensee's business email address on file with the department about 90 days prior to the license expiration date. Renewals are required to be completed electronically at www.sircon.com/utah or www.nipr.com.
