# Introduction

## ***A Message from the Department***

This handbook provides you with information about the process for becoming licensed as an insurance producer, consultant, or public adjuster by the Nebraska Department of Insurance (referred to as “the Department” in this bulletin). It also contains information that is useful **after** you become licensed. We suggest you keep it for future reference.

Once the Department is satisfied that you have met all requirements for a license, the appropriate license will be issued. We remind you that by law you are required to continue your insurance education after becoming licensed. An insurance license can open up the world of insurance for you—a world filled with satisfying and rewarding opportunities. Remember, however, that a license is a privilege, not a right or a gift. You must commit yourself from the beginning to comply with the laws and regulations set forth to regulate the insurance industry.

## ***Overview of Licensing Process***

This handbook provides information about the examination and licensing process for obtaining a resident insurance license. You should read this Licensing Handbook including the examination content outlines prior to taking an exam. If interested in applying for a nonresident license, you can apply online via NIPR at [www.nipr.com](http://www.nipr.com) or an NIPR authorized business partner. Follow these main steps if you are interested in obtaining an insurance license.

# Nebraska License Requirements

## This section describes:

- **The types of licenses offered and their requirements.**
- **Licensing requirements based on residence.**

The State of Nebraska issues several types of insurance licenses in accordance with Nebraska statutes and regulations. Each license granted by the Department is valid only for the line of authority named on the license.

The Department grants the following types of licenses:

- A **producer** is an individual who is required to be licensed under the laws of this state to sell, solicit, or negotiate insurance.
- A **consultant** is any individual who, for a fee, engages in the business of offering to the public any advice, counsel, opinion or service with respect to insurable risks, or concerning the benefits, coverages or provisions under any policy of insurance that could be issued in this state; or involving the advantages or disadvantages of any such policy of insurance, or any formal plan of managing pure risk.
- An **agency** is a partnership, unincorporated association or corporation transacting or doing business with the public or insurance companies as an insurance producer.
- A **public adjuster** is an individual who, for compensation, does any of the following:
  - (a) Acts for or aids an insured in negotiating for or effecting the settlement of a first-party claim for loss or damage to real or personal property of the insured;
  - (b) Advertises for employment as a public adjuster of first-party claims or otherwise solicits business or represents to the public that the person is a public adjuster of first-party claims for loss or damage to real or personal property of an insured; or
  - (c) Directly or indirectly solicits the business of investigating or adjusting losses or of advising an insured about first-party claims for loss or damage to real or personal property of the insured.
- A **public adjuster agency** is a corporation, association, partnership, limited liability company, limited liability partnership, or any other legal entity acting as a public adjuster in the state.

Prior to obtaining an agent, consultant, or public adjuster license (except those applying for Limited Line Credit, Variable Contracts, Insurance or Surplus Lines), you must pass an examination by the Department. The following table lists licenses and the exam (if any) that must be passed for each license line.

**Important** Passing an exam does not guarantee that you will be issued a license. Issuance of a license depends on review and approval of all license application materials.

## Requirements Based on Residence

This section describes licensing requirements for applicants who currently live in Nebraska, for nonresidents, and for those who are moving to Nebraska.

### Resident Licensing Requirements

Nebraska residents desiring any type of insurance license must:

- Be at least 18 years old;
- Be competent, trustworthy, financially responsible and have a good personal and business reputation;
- Maintain a principal place of residence in Nebraska; and

Successfully complete a written examination to determine competence to act as a licensed agent in those lines of insurance for which such applicant desires to become licensed.

### Nonresident Licensing Requirements

If you are not a Nebraska resident and wish to apply for a Nebraska Nonresident License, you may apply as a nonresident online at [www.nipr.com](http://www.nipr.com). If needed you may contact the Department to determine the appropriate procedures, fees and requirements.

### New Resident Licensing Requirements

If you are a nonresident and wish to change your resident license to Nebraska, you must first change the status of your previous resident license. After you receive notification that the former state has changed your status, contact the Nebraska Department of Insurance Licensing Division to verify the process. Generally, a Letter of Clearance is not required. You have 90 days to apply for a resident Nebraska license without having to take the exam.

**Important** If you were previously licensed, but your license has been in an inactive status for more than 12 months, you must pass the appropriate exams to become actively licensed as a resident again.

Prometric makes every effort to provide reasonable testing accommodations that enable all test takers to take examinations.

If you require testing accommodations under the Americans with Disabilities Act (ADA), please complete and submit a Testing Accommodation Request Form online at <https://www.prometric.com/test-takers/arrange-testing-accommodations>, or contact Prometric at (888) 226-9406 to obtain an Accommodation Request Form.

Professional documentation of the disability must be submitted with the Accommodation Request Form to aid Prometric in determining the appropriate testing accommodations. Thirty days' advance notice is required for all testing arrangements. There is no additional charge for these accommodations.

**ESL Accommodation.** All examinations are given in English. If English is not your primary language, you may qualify for additional time for the test by requesting an ESL Authorization from Prometric. To request an ESL authorization, please submit:

Exams scheduled before the ESL request has been approved will not include extra time.

## Preparing for Your Exam

- Being well prepared can help you pass the exam and save time and possibly money spent retaking it. This section offers:
- Information about study materials.
- An overview of the exam content outlines.
- An explanation of how to take a practice exam.

### Study Materials

Not all questions on the exams will necessarily be covered in your study materials. The content outlines are updated periodically, and outdated study materials may not be consistent with them. Where such discrepancies exist, the outlines take precedence. **Make sure your study materials cover the topics in the outlines.**

You are free to use materials of your own choosing to prepare for the license exam. Manuals have been prepared by different publishers to assist candidates specifically in preparing for license exams. Because of the number and the diversity of approach of these publications, **neither the Department nor Prometric reviews or approves study materials.**

**Nebraska Statutes.** The exams contain sections on Nebraska statutes. In addition to your study material, you may want to consult a standard statute reference, generally available at any public or law library.

### Content Outlines Overview

The license examination for each type of license consists of questions that test knowledge of topical areas listed in the content outline for that exam. An overview of each examination content outline appears in this bulletin, beginning on page 20. You can view a complete outline specific to your examination online at [www.prometric.com/nebraska/insurance](http://www.prometric.com/nebraska/insurance).

**Note** Do not sit for your exam until you are familiar with all subject areas in the applicable content outline.

Licenses for the major lines such as: Life Insurance and Annuities; Accident and Health or Sickness; or Property and Casualty are attained by passing a comprehensive exam.

Each exam will cover the Nebraska statutes and general principles sections, as well as the specific content for each line. Be sure to review the appropriate exam content outline to determine what topics are covered in the comprehensive exams.

**Important** The result of the combination Life and Annuities; Accident and Health or Sickness exam is reflected in one score. You must pass the complete exam to qualify for a license.

---

***Practice Exams***

To take a practice exam, select or copy link below to your browser:

<https://www.prometric.com/insurance-practice-test>

---

While practice exams contain general, nonstate-specific insurance questions, they are created in the same format and use the same question types as the actual licensure exams. Practice exams will also help you become familiar with the computer-based testing process.

During the practice exam, you will get immediate feedback to correct and incorrect responses as well as overall feedback at the end of the session just as you would during the actual exam. Practice exams are available for:

- (LIPA) Life Insurance Producer/Agent Practice Exam in English only
- (HIPA) Health Insurance Producer/Agent Practice Exam in English only
- (PIPA) Property & Casualty Insurance Producer Practice Exam in English only

There is **no cost** to take Prometric Practice Exams!

**Question Types**

The examination contains four-option multiple choice questions. These questions are designed to be as clear and concise as possible while testing knowledge and comprehension of insurance concepts as well as the application of the insurance concepts. The design of the exam ensures that those who possess the required knowledge of the specific insurance line of authority being tested should perform well on the examination for which they prepared.

**Question Formats.**

Three different multiple-choice formats are used. Each format is shown in the following examples. An asterisk (\*) indicates the correct answer in each sample question.

**Format 1—Direct question**

Which one of the following is a type of health insurance policy designed to replace the wages of an insured that is unable to work due to an accident or sickness?

- \* 1. Disability Income Insurance Policy
- 2. Employer-Sponsored Group Major Medical Policy
- 3. Hospital Expense Insurance Policy
- 4. Special Risk Policy

**Format 2—Incomplete sentence**

Benefits under workers' compensation insurance are payable:

- 1. For bodily injury that is accidental or intentional
- \* 2. Regardless of the liability of the employer
- 3. Unless safety rules are violated
- 4. Up to a maximum of 30 percent of weekly wages

**Format 3—All of the following except**

A life insurance policy may include provisions that do all of the following EXCEPT:

- 1. Restrict coverage if death is caused by suicide
- 2. Require evidence of insurability to reinstate coverage
- \* 3. Extend the contestable period beyond two years

**Experimental Questions**

The examination may include some experimental questions that will not be scored. If present, they are distributed throughout the examination and will not be identified as such. These are used to gather statistical information on the questions before they are added to the examination as scored items. These experimental questions **will not** be counted for or against you in the final examination score.

You will be helping us help future test takers by completing 5 experimental test questions in your exam. We plan to use the experimental questions on future exams based on your performance.

The questions will:

- be randomly distributed within your test

- will not be counted in your final score
- time spent on the question will not be deducted from your test time

---

### ***Exam Results***

At the end of your exam, you will receive a notice of completion via email. For questions regarding your exam, contact Prometric.

**Duplicate score reports**, please use our electronic score report portal to download or print duplicate copies of your candidate score report when or as needed. Please visit <https://scorereports.prometric.com>. You will be required to enter the confirmation number of your exam and your last name to complete this task.

---

### ***Sample Score Report***

Note that the section percentages will not average out to the total percentage score. That is because individual exam outline sections are allocated different numbers of questions on the exam. The total percentage score is computed by dividing the number of questions you answered correctly by the total number of questions in the exam. Adding the section percentages and dividing by the total number of sections do not compute the total score.

Prometric electronically notifies DOI of exam results within 48 hours of passing the exam. Note that exam scores are confidential and will be revealed only to you and DOI.

---

### ***Appeals Process***

Prometric's goal is to provide a quality examination and a pleasant testing experience for every candidate. # Applying for Your License

This section offers information about:

- Applying for your license.
- Obtaining an appointment.
- Continuing education requirements.
- Request for information changes.

## Applying for Your License

After successfully completing the appropriate qualifying exam, **you must apply for your license**. You must apply and be issued a Nebraska insurance license in order to sell, solicit, negotiate, or adjust insurance in the state of Nebraska.

Please allow 2-3 days for the exam results to be transmitted to the Nebraska Department of Insurance before applying on-line at [www.nipr.com](http://www.nipr.com).

If you have any questions regarding the license application process, please contact the Nebraska Department of Insurance Licensing Division at (402) 471-4913 or at [doi.licensing@nebraska.gov](mailto:doi.licensing@nebraska.gov).

**Important** Passing an exam does not guarantee that you will be issued a license. You must submit all application materials and fees to the Department **within one year** of passing your exam. Issuance of a license depends on review and approval of all license application materials.

## Duration of License

Initial individual licenses are issued to expire the last day of the month in the licensee's birth month in the first year after issuance in which the licensee's age is divisible by two. Therefore, individuals born in **even-numbered** years renew their license in their birth month in the **even-numbered** years, and individuals born in **odd-numbered** years renew their license in their birth month in the **odd-numbered** years. The first renewal of any license will be based on the above information and is not pro-rated based on the issue date of the license.

## Agency Licensing

Any partnership, unincorporated association, or corporation transacting or doing business with the public or insurance companies as an insurance producer or public adjuster is required to obtain an insurance agency license. The business entity must designate a licensed producer who will be responsible for the business entity's compliance with the insurance laws, rules and regulations of the state. No agency shall pay any commission to anyone other than a licensed producer and no licensed producer shall pay any commissions to any unlicensed agency.

A sole proprietorship is not required to obtain an insurance agency license unless it falls within the agency definition or holds itself, herself or himself out to be an insurance agency.

To obtain an insurance agency license, complete and submit an application for a Business Entity Insurance License at [www.nipr.com](http://www.nipr.com). To obtain a public adjuster agency license, complete and submit an application for a Public Adjuster Business Entity Insurance License at [www.nipr.com](http://www.nipr.com).

***Obtaining an Appointment***

An individual shall not act as an agent unless that person is duly licensed in Nebraska. An agent must not make application for, solicit applications for or procure any policies for any kind of insurance for which that agent is not licensed and appointed by an insurance company.

Only licensed producers may be appointed; insurance agencies may not be appointed. To appoint a producer, the appointing company must process online at [www.nipr.com](http://www.nipr.com). The company will be billed for the fees.

The insurer shall file the appointment within 15 days from the date the agency contract is executed or the first insurance application is submitted. The individual must already hold a valid agent's license in the line or lines for which the insurer is requesting an appointment.

***Continuing Education***

All Nebraska resident producers, consultants, and adjusters must meet continuing education requirements. Courses must relate to the kinds of insurance that the individual is licensed to solicit and be completed every two years, beginning from the birthday when your age is divisible by two and due two years from that date.

New licensees may begin earning credit hours upon issuance of the license. Failing to comply with two-year continuing education criteria will result in license nonrenewal or non-issuance. Licensees are exempt from continuing education for the first renewal.

Continuing education hours are needed for the following license lines:

## *Exam Content Outlines*

---

The content outlines give an overview of the content of each of the Nebraska insurance examinations. Each examination will include questions on the subjects contained in the outline. The percentages indicate the relative weight assigned to each section of the examination.

For example, 10 percent means that 10 questions will be drawn on a 100-question examination and 15 will be drawn on a 150- question examination.

You can access these outlines by going to the Prometric [website](#).
